

→ 170

daily actions

IF

Get everyone involved. Have a classroom do regular outreach day trips to areas in need.

1

Buy fair-trade products to support the sustainable trade system, meaning employees are rewarded fairly for their work.

3

Buy clothing or other products from stores that donate a portion of their money to charities.

5

Generate discussion around poverty. Write a blog, or write an article in a local newspaper.

8

Teach a skill or short course at a community centre (computer skills, building a resume, preparing for job interviews, etc.)

4

Sponsor a child so they can have access to food, education, and health.

6

Volunteer in homeless shelters. Your time can be more valuable than money.

9

At birthday parties offer the option to donate money to your chosen charity in replacement of a birthday gift.

2

1 NO POVERTY

A white icon on a red background depicting a family of five: a man, a woman, and three children. One of the children is using a cane.

Clean out your pantry. Fill a box with non-perishable foods and donate it to a food bank.

7

If possible, give to every beggar on the street. An apple, a bottle of water, small change or even just a smile are better than not giving at all.

10

YOU

Spread the word. The more ideas are spread to combat hunger, the more people act.

1

Donate non-perishable foods to charities.

2

Provide food for schools in developing countries. When there is lunch available, attendance increases.

4

Support food assistance programs. They provide over 20 times more food than food banks, food pantries and soup kitchens.

3

2 ZERO HUNGER

Many emergency food providers need specialized skills such as accounting, social media or writing skills. Volunteer your expertise once a week.

6

If you employ workers on minimum wage, help support their needs like education for their children, or housing supplies.

5

Many hungry people hesitate to ask for help because of the stigma and shame of it.

Speak up about misconceptions and educate others about the realities of hungry persons.

8

Keep a bag of apples or tinned foods in the car for street beggars.

7

Read a book on hunger. A greater understanding of its causes will better prepare you to make a difference.

9

Support local farmers by buying your food at farmer's markets.

10

CARE

Don't smoke.

1

Be more active.
Go for walks
at lunchtime
or cycle to work.

2

Heart disease
remains the
number 1 killer.
Educate yourself
on the causes and
symptoms of heart
disease as well
as other Non-
Communicable
Diseases.

5

Eat a healthy diet
and drink a lot
of water.

3

Be part of increasing
awareness of, and
support for, mental
health ailments
such as depression,
substance abuse
or Alzheimer's.

4

Never stop
learning.
Engaging in work
or educational
activities helps
lift older people
out of depression.
So, learn a new
language,
read a lot,
set up a book club.

7

HIV/AIDS
is not over.
Protect yourself.
Test yourself.

6

Breastfeed.
It is natural and
the best source
of nourishment
for babies.
Breastfeeding
protects infants
from illnesses, has
long-term benefits
for children and it
benefits mothers.

8

**3 GOOD HEALTH
AND WELL-BEING**

Get enough sleep.

9

Make time
for yourself and
your friends.

10

ABOUT

4 QUALITY EDUCATION

Teach your native language to migrants in a youth centre or elsewhere.

1

Provide food at schools to increase attendance.

2

Educate your kids about the power of education, as many don't see the tangible benefits.

3

Show films or TV shows that are educational as well as entertaining for children.

4

Take education outside the school and keep it fun. Travel. Take kids on day trips to the planetarium or museums.

5

Support charities that are working in education in the poorest parts of the world.

6

Donate books to public libraries or public schools in need.

7

Share success stories, including stories that didn't make the headlines.

8

Share your skills with the ones who need them.

9

In many countries, girls are pulled out of school early in order to get married.

Start conversations that allow for problems to be openly discussed and solutions to be found.

10

THE

Increase gender representation in areas of leadership in the workplace.

1

Practice and demonstrate to children equal decision-making processes at home.

2

Encourage schools to provide scholarships for girls.

3

Communicate to media outlets (advertising companies, movie production houses and so on) about the harmful impact of portraying women as inferior, less intelligent and incompetent compared to their male counterparts.

4

Use mentoring and coaching to help women build their confidence and develop their careers.

5

If you are a woman, know your rights and stand up for them.

6

Make gender equality part of training and education. Young people should be supported in choosing jobs that advance their future, regardless of their gender.

8

Make flexibility and work-life balance a part of the company's culture.

7

Gender equality starts at home.

9

Sponsor a girl child who needs a role model.

10

FUTURE,

Read a book on water. It will increase your understanding of the impact water has in societies, economies and our planet. 1

Support organisations that give water to areas in need. 3

Never flush toxic chemicals such as paints, chemicals or medication down the toilet. It pollutes lakes and rivers and causes health problems in marine life and humans. 7

Conserve, conserve, conserve. When ice-cubes are left over from a drink, don't throw them away. Put them into plants. 2

Donate to projects that require funds for digging boreholes, installing pipes and pumps, maintenance training to communities, etc. 4

Hold fundraising days in schools on World Water Day and Toilet Day and donate the money to your chosen project. 6

Fix leaks at home. A leaky faucet can waste more than 11'000 litres per year. 5

Wash your car at commercial car washers who recycle water. 8

Turn off the tap when brushing your teeth and while soaping in the shower. 9

Hire a "Green Plumber" to reduce your water, energy and chemical use. 10

BE

Cover the pan with a lid. It reduces the amount of energy required to boil water by 75%.

1

Turn off electronic equipment such as TVs and computers when going on holiday.

2

Turn lights off in rooms that aren't being used. When you switch your lights off, even for a few seconds, it saves more energy than it takes for the light to start up, regardless of the bulb type.

3

Efficient home designs also combine energy efficient constructions, appliances and lighting, such as solar water heating and solar electricity.

4

Use energy-efficient lightbulbs and set your household appliances on low-energy settings.

5

Turn down the thermostat and fill the house with carpets to keep the warmth inside.

6

7 AFFORDABLE AND CLEAN ENERGY

Support solar power projects for schools, homes and offices.

7

Only fill the kettle to the amount of water needed.

8

Installing air-conditioning? Ask for solar air conditioning.

9

Seek advice and guidance on energy efficiency in historic buildings.

10

THE

Encourage Bring-your-child-to-work Day for youth to see what a healthy work environment looks like. 1

Support international campaigns to end modern day slavery, forced labour, human trafficking and forced marriages. 3

Become a micro-lender and empower young people to become entrepreneurs. 2

Provide stability. Empower young professionals to grow into their positions. 4

Provide food for low-earning workers. 5

8 DECENT WORK AND ECONOMIC GROWTH

Provide incentives for hard work. People respond to a reward system. 6

Provide reduced rates on quality health systems and facilities for employees. 7

Ensure safe working conditions. 8

Encourage more job opportunities for youth. 9

Financially assist training and development programs for an enhanced skillset. 10

CHANGE.

Fund projects that provide infrastructure for basic needs.

1

Immerse yourself. Organise groups to visit regions where basic needs are missing. This will broaden understanding and motivate people to act on it.

4

Invest in domestic technology development research and innovation in developing countries.

7

Employ more scientific researchers and development workers in the industrial sector.

8

Host a small event for people to donate their unused, working phones, and in turn raise the awareness about the lack of infrastructure for communication services that 1-1.5 billion people still do not have.

2

Encourage sustainable infrastructure with efficient resources and environmentally friendly technologies.

5

Make cities healthy. Turn empty roof space on buildings into green roofs. They improve air quality, insulation by up to 25%, they absorb sound, promote social integration and more.

9

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Hospitals, schools and clinics can host fundraising events for projects developing health care infrastructure.

3

Keep up to date with the latest technologies and innovation.

6

Don't throw away, give away. Upgrading our electronic gadgets is inevitable, but often our gadgets are still in good working condition. Pass on your old working devices or recycle as certain parts can be recovered.

10

HELP

Encourage children to make friends with kids from different cultures.

1

Once a month have a coffee with a person who is different from you, whether in race, beliefs, culture or age.

2

Learn to respect all kinds of people who may do things differently than you.

3

Take your kids to the park and other communal spaces and look for opportunities to talk to different people. Learn about them. Understand them.

4

Travel the world to learn about different cultures.

5

10 REDUCED INEQUALITIES

Sponsor a child to attend school.

6

Read storybooks to children that describe all cultures.

7

Say Yes to increasing the minimum wage of the lowest earning people.

8

Build schools, homes and offices to be more accommodating to older persons and people with disabilities.

9

Stop stereotypes. Write a blog of short stories that breaks that way of thinking.

10

TO END POVERTY

Start a car-pooling system online, internally in the office, or in areas that don't have access to reliable public transport. 1

11 SUSTAINABLE CITIES AND COMMUNITIES

Advocate and support the development of sport and recreational spaces. They help build stronger, healthier, happier and safer communities. 3

Generate awareness about your city's carbon footprint and ways to improve it. 2

Reach out to underprivileged areas. Integrate people of different class and ethnicity and include them in decision-making processes that involve them, including their living conditions, pollution and so on. 6

Use public transport, city bikes and other modes of environmentally friendly transport. 4

Research, encourage and raise awareness for greater information transparency within your community. 5

Educate yourself on the cultural and natural heritage of your area. Visit heritage sites and post about these in a positive light. 8

Gather in small community groups to brainstorm ways to ensure safe and accessible public spaces especially for women, children, elderly people and people with disabilities. 9

Provide reduced fees on public transport in cities that face the challenge of congestion. 7

As a company, offer reduced fees on city bicycle hire. 10

TO REDUCE INEQUALITIES

Arrange school groups to spend 1 hour a week on the beach, along lakes or in parks to pick up the litter and to raise awareness on water pollution.

2

Don't keep clothes or other items you are not using. Donate them.

1

Buy fruit that is in funny shapes and overripe, and make smoothies out of them.

3

Partner with hotels and restaurants to fast track leftover foods to charities that would otherwise be thrown away.

4

Recycle!

5

Eat local. And support fair trade associations that promote businesses committed to the principles of fair trade.

8

Keep showers short. Don't fill the bath to the top. Excessive use of water contributes to global water stress.

6

Buy sustainable products including electronics, toys, shampoo or seafood and organic groceries.

7

Do a cold wash. Warm water uses more energy.

9

Drink tap water when it is safe.

10

AND TO TACKLE CLIMATE CHANGE.

Compost food scraps.

1

Drive less.
Walk, cycle, take
public transport
or car pool.

2

Take re-useable
bags to the store.

3

Air dry.
Let your hair
and clothes
dry naturally.

4

Avoid driving in
peak-hour traffic.

5

Maintain your car.
A well-maintained
car emits fewer
toxic fumes.

6

Organise for your
school or company
to plant new trees
every year. Trees
give oxygen and
take in carbon
dioxide.

7

Unplug TVs,
computers and
other electronics
when not in use.

8

Spread awareness
about ways to stop
global warming.

9

Only buy what you
need. 20-50% of
the food we buy
ends up in landfill.

10

13 CLIMATE
ACTION

TOGETHER

Start regularly volunteering in community groups to clean up a portion of the beach from litter if living nearby. 1

Don't buy jewellery and other items made from coral, tortoise shells or other marine life.

2

Eat local sustainable food.

3

Support organisations that protect the oceans.

4

Use fewer plastic products, which often end up in oceans causing the death of marine animals.

5

14 LIFE BELOW WATER

Respect laws related to over-fishing.

6

Inform yourself on ocean activities by watching educational DVDs and documentaries.

7

Avoid buying wild-caught, salt-water fish for your home aquarium.

8

Limit your carbon footprint to reduce global warming, which affects life under water.

9

Practice responsible recreational activities like boating, fishing, snorkelling and kayaking.

10

WE CAN

Avoid using pesticides that end up in rivers and lakes, as they are harmful to wildlife.

1

Eat seasonal produce. It tastes better, it is cheaper and it is environmentally friendly.

2

15 LIFE ON LAND

Help fund projects to rehabilitate lands.

3

Never buy products made from threatened or endangered species.

4

When you go into stores, or when you participate in market places, make environmentally friendly choices that are in favour of our planet.

6

Recycle used paper and go paperless where possible.

5

Eat less meat. The production and distribution of meat has a huge impact on greenhouse gas emissions.

7

Make your own compost. It supports biodiversity, enriches the soil, and reduces the need for chemical fertilizers.

8

Participate in local urban farming.

9

Buy recycled products.

10

TRANSFORM

Make your voice heard and vote in your country's elections.

1

Participate in your country's decision-making processes in an informed manner.

2

16 PEACE, JUSTICE AND STRONG INSTITUTIONS

Stop violence against women. If you see it happening, report it.

3

Find value in different demographics, thoughts and beliefs for an inclusive society.

4

Demonstrate a peaceful environment at home.

5

Be passionate about your country's decisions, and remain peaceful when standing up for what you believe in.

6

Read, write or make a video to stand up for peace.

7

Host or participate in local community events to get to know one another in safe environments. This can be at sports events, barbecues, festivals and so on.

10

Spend some time each week quietly reflecting on how you would like to relate to others.

8

Volunteer at local anti-violence organisations and outreach programmes.

9

THE WORLD.

Look for synergies and build stronger multi-stakeholder partnerships. Share knowledge, expertise, technology and financial resources.

2

Encourage schools to embrace teamwork outside the classrooms in local communities and businesses.

1

Teach kids about partnerships through sport.

3

Collaborate with organisations that need funding in an area you feel strongly about.

4

Encourage corporate social responsibility towards projects related to sustainable development in developing countries.

5

Collaborate with organisations in different countries who share the same goals that you have.

6

**17 PARTNERSHIPS
FOR THE GOALS**

Show the power of partnerships through documentaries on success stories.

7

Be clear, specific and creative about your social goals.

8

Techno-experts: partner with projects that need technological skills in developing countries.

9

Practice teamwork at home. Share activities among all family members and outside the family.

10

About the Sustainable Development Goals

Our planet is a beautiful place. We can easily forget how much it has to offer because we are constantly being reminded of the challenges we face daily, from inequalities to poverty to climate change. If nothing changes to stop, prevent or reverse these challenges, it will only get worse. That is why the United Nations exists.

Everything we stand for is to create a brighter future for every individual, where everyone can thrive and reach their potential. We want to preserve the good that exists in people, places and the planet and put an end to issues that takes hope away from us. That is why world leaders came together in 2015 and mobilised the 2030 Agenda: a set of 17 goals for sustainable development.

This matters to each of us because we are all responsible for being a part of the change. Our actions today affect our children tomorrow. Everyone deserves a fair and equal chance in life. Through the goals, we can reach far and wide because the goals are universal, they leave no one behind. It's also important to understand that these goals are interconnected. We cannot separate poverty from hunger, or education from women's empowerment and so on. If we can grasp that, we are closer to understanding the needs that must be met, and in turn we are closer to achieving the 17 goals. It's time to give back to the planet what the planet has given to us. It's simple and there is no cost.

Discover some of the simple actions you can take to stay on the road to a prosperous planet.

The Sustainable Development Goals are humanity's to-do list for a sustainable planet, a clear roadmap for a better future.
